

WIO

REENGAGING WITH NATURE | WIO.ECO

CATALOGUE JUNE 2022

WIO IS BORN TO RE-ENGAGE PEOPLE WITH NATURE.

Our products empower you to create and enjoy small to mid-scale nature spaces in their everyday life. We base our product line on careful research of natural habitats, combined with contemporary aesthetics and leading technological advancements in order to help you bring nature into your living spaces. You will discover a whole new world of flora and fauna to enjoy by effortlessly recreating their habitats from underwater worlds to steamy jungles, opening a vista onto nature.

You will be surprised how easy and fulfilling it is to build, nurture and maintain your nature-space in your everyday life. It will bring you enjoyment, beauty, appreciation, understanding, knowledge, fascination, and relaxation. Take a pause from your busy day, glance at your nature-space to re-engage with nature and be rewarded by its refreshing and healing properties.

Enjoy the art of bringing nature into the home like never before.

Yago Alonso Giménez
CEO and Founder of WIO

REENGAGING WITH NATURE | WIO.ECO

Why do we say re-engaging with nature?

We feel that in modern daily life, people are losing the opportunity to experience pristine natural scenes and spaces, the chance to be close to nature, appreciate it and benefit from the countless rewards it brings.

We believe that through our fresh and innovative solutions we can help people to re-engage with nature. We seek to enhance the excitement of creating and enjoying artistically scenic nature worlds.

WIO aims to bring the wonders of nature back into our daily lives; even into the smallest spaces while helping us re-engage with nature, and enrich our wellbeing in a sustainable, applicable and emotional way.

4

DECOR

WIO Decor presents the most complete and exquisite selection of natural materials crafted by nature: sands, gravels, stones, boulders, woods, and roots.

Natural materials lose their generic meaning to become sculptural masterpieces which draws everyone's attention. The special combinations and blends of carefully selected natural elements allows you to create the most realistic and aesthetic biotope displays.

The use and combination of natural materials plays the most important role in the habitat creation process. Your nature display, aquarium, insularium or terrarium, will become an outstanding and authentic nature-space.

For this reason, we have developed an exclusive, extensive, and beautiful selection of decor to allow you to enjoy the art of creating nature like never before.

SPACE

TECH

THE MOST EXQUISITE SELECTION OF NATURAL MATERIALS

PLANT SUBSTRATES

Complete plant substrate containing all required nutrients for lush, long-term plant growth and available in a range of colours and granule sizes.

WETLAND

Wetlands is our brand-new concept of plant substrates.

A substrate is the natural environment surface on which an organism such as a plant, fungus, or animal live.

Our Wetland series are designed to provide 4 important functions:

1. As a medium for plant growth
2. As a means of water storage, supply, and purification
3. As a conditioner of the surrounding ecosystem
4. As a habitat for organisms, flora and fauna.

Therefore, Wetland series act as an engineering substrate medium: a habitat for substrates organisms, a recycling system for nutrients and organic wastes, a regulator of water quality, a modifier of ecosystem composition, and a medium for plant growth, and a support for fauna, making it a critically important for the success of any ecosystem display.

Advantages:

- Optimal natural substrate ready-to-use for flora and fauna.
- Design to deliver top performance in long-term planted displays.
- Ultra-rich substrate for plants with the complete nutrient supply of macro and microelements.
- Extremely rich in Potassium, Iron, Humic and Fulvic acids.
- Bio-filtering function for enhanced microbial colonization.
- It doesn't crumble in the long run.
- The active substrate lowers and buffers the pH.
- Clearwater, no discolouring effect.
- Natural binding of harmful substances.
- Extreme long-term use +10 years.

Please, follow our recommendations to enjoy our wetlands:

- Ready to use substrate, do not rinse.
- Spread the substrate evenly in a tank.
- Wet the substrate and proceed with the planting.
- Fine-grain version can be added on top of the normal grain version for optimal easy planting of small foreground plants.
- Pour water gently on top of a hard surface to avoid upsetting the planted substrate.
- During the initial setup period, the aquarium water may turn cloudy.
- Turn on the filter and cloudiness should disappear in a few hours.

WETLAND

Artist

HERE'S TO THE CREATIVE ONES

Designed for the nature artist creator.

6 unique natural clay shades to create any biotope or artistic scape.

Available in normal 2-5 mm and fine grain 1-2 mm.

Clay-based engineering substrate medium designed to create artistic and distinct biotope colour impressions, while supporting plant lush and long-term growth. Available in 6 biotope colours, in normal and fine granule sizes.

ARTIST DARK

Dark-coloured substrate creating a moody atmosphere.

- 71100112 2kg 2 - 5mm
- 71100115 5kg 2 - 5mm

ARTIST DARK FINE

- 71100122 2kg 0,1 - 2mm
- 71100125 5kg 0,1 - 2mm

ARTIST SUNSET

Reddish-coloured substrate providing crisp contrast with green plants and dark decor.

- 71100412 2kg 2 - 5mm
- 71100415 5kg 2 - 5mm

ARTIST SUNSET FINE

- 71100422 2kg 0,1 - 2mm
- 71100425 5kg 0,1 - 2mm

ARTIST COCOA

Dark-brown substrate providing warm ambience and rich tones.

- 71100212 2kg 2 - 5mm
- 71100215 5kg 2 - 5mm

ARTIST COCOA FINE

- 71100222 2kg 0,1 - 2mm
- 71100225 5kg 0,1 - 2mm

ARTIST MUSTARD

Yellowish-coloured substrate providing clay-like aesthetic often found in nature.

- 71100512 2kg 2 - 5mm
- 71100515 5kg 2 - 5mm

ARTIST MUSTARD FINE

- 71100522 2kg 0,1 - 2mm
- 71100525 5kg 0,1 - 2mm

ARTIST TERRA

Medium-brown substrate providing earthy tones.

- 71100312 2kg 2 - 5mm
- 71100315 5kg 2 - 5mm

ARTIST TERRA FINE

- 71100322 2kg 0,1 - 2mm
- 71100325 5kg 0,1 - 2mm

ARTIST PALE

Unique soft pastel substrate ideal for creating bright contrast with plants and decor.

- 71100612 2kg 2 - 5mm
- 71100615 5kg 2 - 5mm

ARTIST PALE FINE

- 71100622 2kg 0,1 - 2mm
- 71100625 5kg 0,1 - 2mm

Wetland Eonian

STOP TIME

DECOR WETLANDS

Natural volcanic-based engineering substrate medium designed to create a natural earth soil impression, while supporting lush plants with long-term growth. Available in 3 earthy colours, in normal and fine granule sizes.

EONIAN BLACK

Dark black substrate providing contrast with green plants and mimicking rich soil.

71110112	2kg	2 - 5mm
71110115	5kg	2 - 5mm

EONIAN BLACK FINE

71110122	2kg	0,1 - 2mm
71110125	5kg	0,1 - 2mm

EONIAN BROWN

Deep-brown substrate providing extremely natural appearance and earthy ambience.

71110212	2kg	2 - 5mm
71110215	5kg	2 - 5mm

EONIAN BROWN FINE

71110222	2kg	0,1 - 2mm
71110225	5kg	0,1 - 2mm

EONIAN RED

Dark red substrate providing natural aesthetic and warm vibrant atmosphere.

71110312	2kg	2 - 5mm
71110315	5kg	2 - 5mm

EONIAN RED FINE

71110322	2kg	0,1 - 2mm
71110325	5kg	0,1 - 2mm

RIVERBEDS

Ultimate natural substrate blends for true-to-life aquarium displays which re-create natural streambeds.

Natural sands with a perfect blend of colour shades and grain-size mix for aquarium and terrarium displays.

HEAVEN

Bright white natural silica sand with a natural blend of pale colours and grain size mix.

71060112 2kg 0,1 - 4mm
71060115 5kg 0,1 - 4mm

BUMBLEBEE

Mustard-coloured natural silica sand which brings the impression of desert sands.

71060312 2kg 0,1 - 2mm
71060315 5kg 0,1 - 2mm

TIGRIS

Pale yellowish natural silica sand with a natural blend of earthy pale colours and grain size mix.

71060212 2kg 0,1 - 4mm
71060215 5kg 0,1 - 4mm

MIDNIGHT

Natural cosmetic sand with matte black dark tones which will create high contrast aquascapes and biotopes.

71060912 2kg 0,1 - 2mm
71060915 5kg 0,1 - 2mm

EL DORADO

Orangish natural silica sand with a natural blend of ochre colours and grain size mix.

71060612 2kg 0,1 - 4mm
71060615 5kg 0,1 - 4mm

CIMARRON

Earthy natural silica sand with a higher grain mix which creates a very natural impression of a riverbed.

71060412 2kg 0,1 - 6mm
71060415 5kg 0,1 - 6mm

DECOR SANDS

Natural sands with a perfect blend of colour shades and grain-size mix for aquarium and terrarium displays.

INFERNO

Dark coloured sand which looks very natural and similar to silt and mud substrates encountered in aquatic habitats.

- 71060712 2kg 0,1 - 2mm
- 71060715 5kg 0,1 - 2mm

CHOCO

Unique chocolate coloured river sand to create truly natural biotope riverbeds.

- 71060812 2kg 0,1 - 2mm
- 71060815 5kg 0,1 - 2mm

CANYON

This sand is composed of fine and small warm-coloured mixed grains, giving it an extremely natural aesthetic.

- 71061012 2kg 0,1 - 4mm
- 71061015 5kg 0,1 - 4mm

ROCKET

Shadowy sand with a blend of pale to dark grey grain mix like a truly natural biotope riverbed.

- 71061212 2kg 0,1 - 4mm
- 71061215 5kg 0,1 - 4mm

HIMALAYA

Pinkish-white fine sand which provides a bright, soft ambience to any nature display.

- 71061112 2kg 0,1 - 4mm
- 71061115 5kg 0,1 - 4mm

River Beds

DECOR GRAVELS

Natural gravel of different sizes and colour shades for aquarium and terrarium displays. By blending different sizes you can create a sense of depth in your layout. The smallest sizes can be also be used as a base sand.

ELDERLY

Natural river gravel creates a very natural riverbed impression. It does not raise the hardness of the water.

71050112	S - 2kg	3 - 10mm
71050115	S - 5kg	3 - 10mm
71050152	Mix - 2kg	3 - 40mm
71050155	Mix - 5kg	3 - 40mm
71050132	L - 2kg	20 - 40mm
71050135	L - 5kg	20 - 40mm

DRUID

Dark river boulder with holes to create a dramatic effect in aquascapes and biotopes.

71050612	S - 2kg	10 - 20mm
71050615	S - 5kg	10 - 20mm

River Beds

BIOTOPE BEDS

Our latest and most exciting innovation.
Ready-to-use natural substrate mixes that
recreate underwater habitat beds to bring
true-to-life realism and animal behavioural
enrichment to your displays.

A SLICE OF NATURE A SLICE OF NATURE

STEP-UP TO THE NEXT LEVEL

Biotope Beds are like slices of nature designed to deliver unprecedented realism, details, complexity, and beauty allowing you to create in an easy, fast, and hassle-free way true-to-life nature scapes.

DECOR BIOTOPE BEDS

A selection of natural materials mixed together to produce authentic biotope substrates, including shell, sand, gravel, wood-based mixtures...

NAUTILUS LIGHT

Bright shell-based mix ideal for Rift Lake displays such as Tanganyika biotopes.

71130112	2kg	0,1 - 5cm
71130115	5kg	0,1 - 5cm

NAUTILUS TANNED

Perfect for suggesting Malawi biotopes, estuaries, or other coastal marine environments.

71130212	2kg	0,1 - 5cm
71130215	5kg	0,1 - 5cm

NAUTILUS DARK

Blend of small dark and light shells based on substrates encountered in the Pantanal of Brazil and Lake Turkana in Africa.

71130312	2kg	0,1 - 5cm
71130315	5kg	0,1 - 5cm

MERE

Blend of small stones, gravel, twigs, and warm yellow sand, inspired by Pool Malebo in Congo, Africa.

- 71130412 2kg 0,1 - 20cm
- 71130415 5kg 0,1 - 40cm

CRIKEY

Great Red Continent, Australia. This would be the perfect addition to a biotope for small Rainbowfishes.

- 71130712 200g 0,1 - 20cm
- 71130715 500g 0,1 - 40cm

IBON

A mix of pale sand and dark gravel and stones, ideal for mountain lakes and streams, creating a moody dramatic ambience.

- 71130512 2kg 0,1 - 5cm
- 71130515 5kg 0,1 - 5cm

EVERGLADES

A genuine 'Natural Style' substrate with dried seed pods from North America.

- 71130814 400g 0,1 - 20cm
- 71130819 900g 0,1 - 40cm

GLACIER

Small warm-coloured pebbles and light and dark gravels, inspired by the cold glacier waters of Lake McDonald in the USA.

- 71130612 2kg 0,1 - 5cm
- 71130615 5kg 0,1 - 5cm

BECK

Volcanic sand from the mountains of Spain. Used to create a moody ambience, or contrasted with bright green plants.

- 71130612 2kg 0,1 - 20cm
- 71130615 5kg 0,1 - 40cm

DECOR BIOTOPE BEDS

RIVULET

Inspired by Yakushima Island in Japan. By carefully blending and balancing natural materials.

- 71130412 2kg 0,1 - 20cm
- 71130415 5kg 0,1 - 40cm

WOODBED

A mix of twigs, bark, branches, and roots, providing habitat and behavioural enrichment for terrestrial and aquatic creatures.

- 71130712 100g 5 - 20cm
- 71130715 250g 5 - 40cm

MULCHBED

A mix of twigs, bark, and roots as substrate, perfect for mimicking tropical forest to create natural ecologies.

- 71130814 100g 0,1 - 20cm
- 71130819 250g 0,1 - 40cm

BIOTOPE BEDS

A SLICE OF NATURE

HARDSCAPE

Commonly, the main budget effort goes to technical components like filters, illumination... when the hardscape and their composition, determinate the outcome of any artistic nature creation, its beauty and display satisfaction.

For the nature creator artist, the hardscape is the most important component in any display. Enjoy the art of creating nature like never before with our exclusive selection of hardscapes.

DECOR NANO ROCKS

Selected small stones and boulders complement main feature stones and add complexity and detail to any scape. Also, ideal for nano displays in both aquaria and terraria.

ELDERLY

Well-known for its unique rugged texture and “cracking” pattern. The colour varies from brownish to grey.

71080112 S - 2kg 1 - 10cm

FOSSIL GREY

Remarkable metallic grey colour tone with unique monolithic forms. An ideal stone to place standing up.

71080412 S - 2kg 1 - 10cm

RYUOH

Stands out for its rich texture, grey-bluish colour tone and its ability to create powerful chiaroscuros on the scenery.

71080212 S - 2kg 1 - 10cm

JADE

Richness of textures and green hues are maximized underwater. This stone can be easily sculpted.

71080512 S - 2kg 1 - 10cm

MILLENIUM

Grey colours has a cooling effect, while physical features with holes and furrows provide shadows and highlights.

71080812 S - 2kg 1 - 10cm

SILVER SHADOW

Mixed sized, flat stones can be used to create a shale effect in a biotope, or for detailing in an aquascape.

71080612 S - 2kg 1 - 10cm

WILD RED LAVA

Exhibits warm, red and ochre orange colours with highly textured surfaces providing ideal foothold for epiphytic plants.

71081712 S - 1,5kg 1 - 10cm

HULK DRAGON

Sharp edges, dramatic texturing and a greenish hue make this a material aquascapers will want to play with.

71081412 S - 1,5kg 1 - 10cm

ETNA LAVA

Vivid rusty reds and burnt orange with dark, almost steel-blue highlights and heavily indented craggy and edges.

71081612 S - 1,5kg 1 - 10cm

HELLBOY DRAGON

Handpicked for their interesting furrows, pits and jagged edges. The warm reddish colours are evocative of desert mountains.

71081512 S - 1,5kg 1 - 10cm

DRAGON

Distinctive Stone with strong visual impact with earthy tones. Stands out for its unique texture resembling dragon scales.

71080312 S - 1,5kg 1 - 10cm

DARK KNIGHT DRAGON

Deeply furrowed and textured, with jagged lines, grooves and grey to even blueish-purple colours running through them.

71081312 S - 1,5kg 1 - 10cm

NEBULA

A stone with subtle textures and diverse colour shades, including hints of green, blue, ochre and flecks of white.

71081112 S - 2kg 1 - 10cm

BLACK VENOM

A stone with rich and bold black colouration, combined with clean lines and textured surfaces.

71080912 S - 2kg 1 - 10cm

FOSSIL WOOD

Comprised from wood of ancient trees, these pastel-coloured rocks provide hues of orange, yellow and soft browns.

71081812 S - 2kg 1 - 10cm

BLACK RYUOH

These dark and deeply textured stones provide the ideal working material for aquascapers.

71081212 S - 2kg 1 - 10cm

BUMBLEBEE

A stone with warm colours, pastel yellows, oranges and even hints of green and complex textures.

71081012 S - 2kg 1 - 10cm

DARWIN BLACK LAVA

Coarse, volcanic rocks will bring texture and contrast to any display. With many fissures and pockmarks to provide interest.

71080712 S - 1,5kg 1 - 10cm

ELDERLY BOULDER

Elderly boulders have rich textures, stripes and have a cold colour pallet that will make any scape stunningly attractive and natural.

71090112 S - 2kg 1 - 10cm

DRUID BOULDER

Dark, textured stones can be used to make an aquascape looked 'aged', especially when combined with plants such as Anubias.

71090512 S - 2kg 1 - 10cm

BUMBLEBEE BOULDER

Beautiful smooth textures with rich warm palette tones that bring a new impression to the aquascaping and biotope worlds.

71090212 S - 2kg 1 - 10cm

BLACK VENOM BOULDER

Stunning vibrant pitch-black colour boulders, this rock fascinates for its smooth, black-glazed surface and detailed textures.

71090412 S - 2kg 1 - 10cm

INFERNO BOULDER

Small boulders which display a rich pinkish red colouration and are detailed with many pale, dark and pink small flecks.

71090612 S - 2kg 1 - 10cm

McDONALD LAKE BOULDER

Outstanding colourful boulder which creates a unique riverbed impression. The boulders range in a wide colour palette.

71090312 S - 2kg 1 - 10cm

DECOR STONES

An outstanding selection of stones for the most demanding nature-artists.

BLACK VENOM

Vibrant pitch-black colour with smooth, black-glazed surfaces, design possibilities are endless due to its excellent colour contrast.

71040251 Mix 10 - 30cm

BUMBLEBEE

Fine-grained layers with lively and warm orange colors and brownish hues allow creations with outstanding impact.

71041551 Mix 10 - 30cm

NEBULA

Unique slate stone with a variety of colour shadows: silver, greenish, bluish, ochre, snow with an unusual flat stratified texture.

71041451 Mix 10 - 30cm

ELDERLY

Highly sought-after stone, it is well known for its unique rugged texture and “cracking” pattern. The colour varies from brown to grey.

71040151 Mix 10 - 30cm

JADE

Unique green-hued stone which brings the greens into the hardscape to create unique fresh impression and a completely new look.

71041351 Mix 10 - 30cm

MILLENIUM

Singular forms and exceptional textures are the result of inclement weather at the top of mountains. Formed by water, snow...

71040351 Mix 10 - 30cm

DARK KNIGHT DRAGON

Distinctive dragon stone with dark and violaceous colours and rugged, interesting textures.

71041251 Mix 10 - 30cm

HULK DRAGON

Distinctive dragon stone with greenish colours and eye-catching textures.

71041051 Mix 10 - 30cm

HELLBOY DRAGON

Dramatic dragon stone with reddish colours providing a warm ambience.

71041151 Mix 10 - 30cm

RYUOH

Stands out for its rich texture, grey-blueish colour tone and its ability to create powerful chiaroscuros on the scenery.

71040451 Mix 10 - 30cm

DARWIN BLACK LAVA

Jet-black lava stone full of crevices and high texture. This stone captivates with its striking black colour.

71040751 Mix 10 - 30cm

BLACK RYUOH

Unique darker black-blueish hue with high contrast white veins which resemble marble stone.

71040551 Mix 10 - 30cm

ETNA LAVA

Etna rock is multi-coloured from deep red to purple, violet, yellow, orange, black and bluish and evokes ancient rock formations.

71041751 Mix 10 - 30cm

DRAGON

Distinctive Stone with a strong visual impact with earthy tones. Stands out for their unique texture resembling dragon scales.

71040651 Mix 10 - 30cm

WILD RED LAVA

Selected reddish earthy lava stone with unique forms, full of fissures and high roughness.

71041651 Mix 10 - 30cm

FOSSIL WOOD

Beautiful stone with remarkable golden-ochre hue. The different heights and thicknesses allow creating paths.

71040851 Mix 10 - 30cm

GREY FOSSIL WOOD

Fossilized Wood with a remarkable metallic grey colour tone and unique monolithic forms.

71040951 Mix 10 - 30cm

ELDERLY BOULDER

Colour varies from brownish to grey. Large pieces have strong character making a real statement.

71070151 Mix 10 - 30cm

DRUID

The stones have a solid presence and with their worn and dark features, contain a hint of the primordial.

71070551 Mix 10 - 20cm

BUMBLEBEE BOULDER

The natural yellowish ochre boulder brings warmth to the nature scape.

71070251 Mix 10 - 30cm

BLACK VENOM BOULDER

High-impact rock which magnifies the green of plants and mosses. It is an ideal stone to create Iwagumi.

71070451 Mix 10 - 30cm

McDONALD LAKE

Colourful boulders which create a unique riverbed impression.

71070351 Mix 10 - 30cm

SOLAR ECLIPSE

Especially cut stone with soft, warm, pale shades of yellow, orange and sandstone ideal for shallow tanks.

71041951 Mix 10 - 30cm

LUNAR ECLIPSE

Lunar Stones are dark with cold shades of black and grey and are ideal for creating dramatic contrast with bright green plants.

71041851 Mix 10 - 30cm

LUNAR ECLIPSE

SOLAR ECLIPSE

Eclipse Stones are specially cut boulders designed to be used with a minimum of substrate and are especially useful for shallow displays! The boulders have been cut horizontally, leaving only the top half of the stone. This removes the need for using additional substrate as a 'cushion' in your display. Eclipse also allows you to place boulders against the back and side panels of the aquarium

Lunar Eclipse

The Lunar Stones are dark with cool shades of black and grey and are ideal for creating dramatic contrast with bright green plants.

Solar Eclipse

The Solar Stones are soft, warm pale shades of yellow, orange and sandstone and can be used to great effect in both aquascapes and biotopes.

DECOR WOODS

REBEL TREE

Each piece of this wood is a complete masterpiece as it is full of details, branches and strands.

71030110	S	15-30cm
71030120	M	25-40cm
71030130	L	35-60cm

CANOPY TREE

Small bonsai-shaped trees, these woods are perfect for play and combine with different rocks and plants to recreate a forest scenery.

71030210	S	10-20cm
71030220	M	20-40cm
71030230	L	40-60cm

GOLDEN WOOD

One of the hardest and densest woods with beauty and glorious yellowish-golden colour, this wood has an exceptional surface.

71011310	S	10-20cm
71011320	M	20-35cm

DECOR WOODS

An exceptional assortment of driftwood, roots, and branches for the nature artist. Mix several pieces together to create any composition: Central, Triangular, V form...

NEPTUNE

Sculptural pieces collected from rivers, lakes and coasts and crafted by wind, water, and sun, resulting in unique shapes.

71010951 Mix 30 - 100cm

HORN

A heavy wood with branchy horn shapes, you can combine several pieces together to create a layout like a big fallen tree.

71010111 S 10 - 30cm

71010121 M 30 - 50cm

71010131 L 50 - 100cm

STONE

An incredible wood resembling stones, with unique bumps and brain-like textures and displaying dark brown, and golden hues.

71011151 Mix 20 - 60cm

MILLENIUM TREE

Sculptural pieces with multiple intertwined roots with whitish and reddish colour tones. Each piece is unique.

71010221 M 50 - 100cm

71010231 L 100 - 200cm

DRIFTWOOD

Driftwood which has been exposed to water, sun, wind, and harsh conditions for years.

71010821 M 20 - 50cm

71010831 L 50 - 100cm

DRAGON

An impressive wood that resembles a dragon skin texture with plenty of holes and is ideal for attaching epiphytic plants.

71010321 M 20 - 50cm

71010331 L 50 - 100cm

ISENGARD ENT

Tree-shaped wood with impressive dense root system. It is the perfect wood to create ancient forests with dense roots.

71010451 Mix 20 - 60cm

TREE TRUNK

Complete tree-trunk shaped pieces with roots; perfect for creating engaging compositions of tree forests.

71010751 Mix 20 - 50cm

RED MOOR

Red moor roots have been carefully selected and treated with sand blasting. Its polished surface creates unique masterpieces.

71010511 S 20 - 40cm
71010521 M 40 - 60cm
71010531 L 50 - 100cm

CENTURION

The vibrance of these deep and dark reddish-brown wood with intertwined branches creates an exciting layout.

71011651 Mix 20 - 60cm

NANO

Tiny roots with different hues of yellow, brown and beige colours. The versatility of this wood is perfect for nano tanks.

71010651 Mix 10 - 30cm

BLACK TREE TRUNK

Depth blackish purple colour, each tree-trunk shape piece with roots, provides the contrast and impact to your design.

71011210 S 20-40cm

DECOR ROOTS

Roots bring natural authenticity and a wabi-sabi effect to your creations. Roots create complexity and a sense of time, both in aquatic and emersed displays.

ANCIENT

A true air root from 100-200 cm, each pack is a natural root that goes from 2 cm thickness down to few millimetres.

71020151 Mix 100 - 200cm

SPIDER TWIGS

Each bag comes in mixed sizes with delicate and thin pieces. Use rocks to create a sculptural layout.

71020252 Mix - 300g 10 - 30cm

71020255 Mix - 750g 10 - 50cm

ELDER

Strong enough to support plants and moss combined with its very dark colour makes it an excellent material to add complexity.

71020352 Mix - 300g 10 - 30cm

FURNITURE

A craftsman is shown from the side, working on a lathe in a workshop. The scene is dimly lit, with a strong light source from the right illuminating the work area. The craftsman is wearing a dark long-sleeved shirt and a watch. Wood shavings are flying through the air, creating a dynamic and textured effect. The background shows a wooden wall with a power outlet and some faint markings.

Minimalism, sustainability and practicality are the 3 core values of our furniture line. Hand-crafted cabinets and stands made of sustainable natural wood with outstanding functionality and style for the nature artist. Along with a wide range of minimalist light-mounting systems options.

SPACE CABINETS

WOODY new line is made from environmentally friendly solid pinewood. The hands of experienced craftsmen create an outstanding design piece upon which to display your nature creations.

WOODY V.2

Updated version of the iconic Woody cabinet. Maximum functionality with spacious open interior to showcase your tools, fertilizers, filters, CO2 bottles and more, in perfect order. The top of the cabinet is larger than the base, with a gap at the back facilitating the placement for filter hoses, CO2 tubing, and electric cables.

• This product comes pre-assembled.

LED LIGHTINGS

A photograph of a slot canyon with a beam of light shining through it. The walls are smooth and curved, creating a dramatic play of light and shadow. The light beam is bright and focused, illuminating the sandstone walls and the floor of the canyon. The overall atmosphere is mysterious and ethereal.

Led technology with specific spectrum for the correct growth of aquatic plants while enhancing fauna and flora's beauty. Unique LEDs colour combination maximizes the active photosynthetic light radiation -PAR- for optimal development and growth of aquatic plants.

SLIM is a stylish LED lamp -ultraflat, elegant and minimalist- with the latest WRGB nanoLEDs technology to create the ideal light spectrum in freshwater aquariums and terrariums.

LED LAMP SLIM WRGB

A sleek and minimalist lighting solution with models available for tanks from 30-180cm.

73010300	30	31x10,5x0,6cm
73010600	60	60x10,5x0,6cm
73010900	90	90x10,5x0,6cm
73011200	120	120x10,5x0,6cm
73011500	150	150x10,5x0,6cm
73011800	180	180x10,5x0,6cm

SLIM CONTROLLER

A vital piece of equipment for getting the best out of your SLIM WRGB lights, allowing the setting of timing and lighting intensity.

73010001 SLIM WRGB (Timmer&Dimmer)

BAMBOO CONTROLLER

Augmenting the functionality and bringing natural circadian rhythms to your display, allowing the setting of timing.

73020001 USB CONTROLLER

BAMBOO is a state-of-the-art LED lamp that create a sunbeam to light up nature. Highest modular technology combining up to 5 LED types to create the ideal spectrum with the adequate light intensity for the correct growth of photosynthetic organisms. Available in 3 versions: WB-Marine / BP-Actinic /WRGB- Freshwater and Terrariums.

BAMBOO LED LAMP MARINE-WB

Designed for marine displays and catered to the needs of corals, macro-algae and other photosynthetic organisms.

73020352	35-WB	10,5xØ90cm
